How To Create an Event Roster

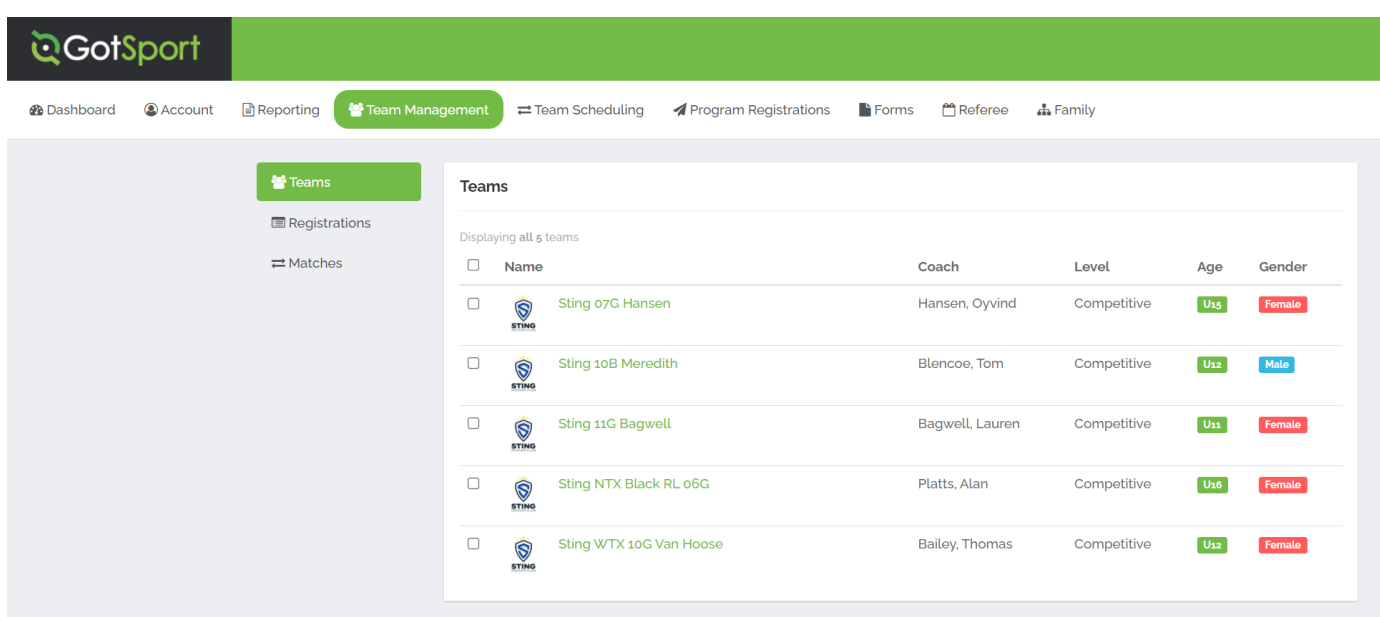

STEP 1

- Visit the GotSport website: <https://system.gotsport.com/>
- Login to your account
- Click on Team Management on the top bar

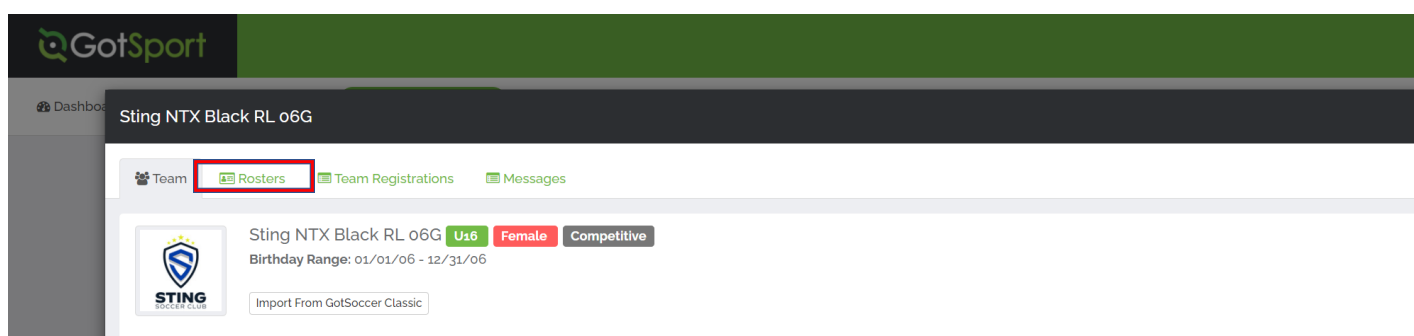

STEP 2

- Select the team that is participating in the tournament

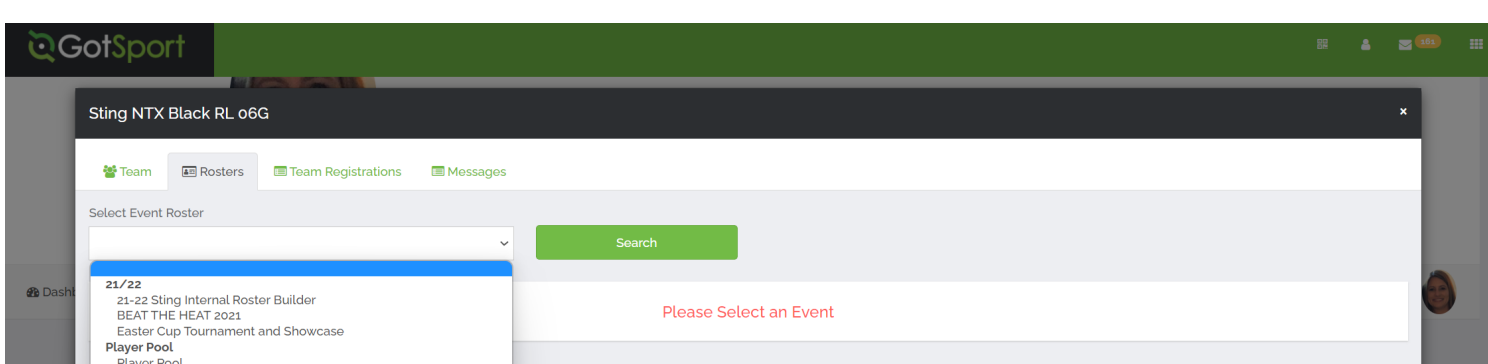

STEP 3

- Click on the Rosters Tab

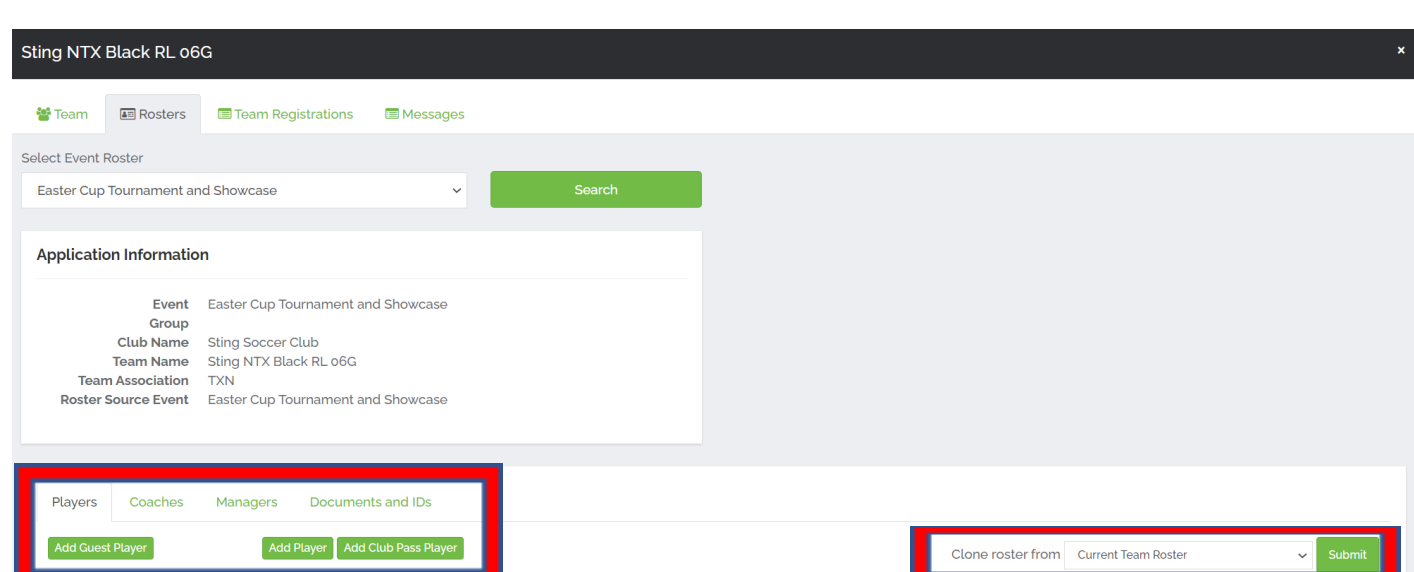

STEP 4

- Select the event from the dropdown menu (This will be the name of the your tournament, your event may not be listed on this example)
- Then click Search

STEP 5

- From the Event Roster you have 2 choices
 - You can clone the roster from your current team roster OR
 - If this is a new account and you do not have any players in your player pool, you can manually add your players directly onto the event roster

STEP 6

- The tournament will have to approve your staff and players
- Make sure that all players have Jersey #'s
- Make sure that you do not exceed the maximum roster limit for your age group
